

EDUCATION SECTOR

Schools, Colleges & Universities

Why Shelter Refurbishment Matters in Educational Environments

Well maintained outdoor shelters create better environments for students and staff, offering sheltered spaces for breaks, waiting, and storing bikes across primary schools, high schools, colleges and universities

Meeting the demands of educational environments

- Pupil safety and wellbeing are always a top priority
- Outdoor shelters must be safe, secure and weather-resistant
- Appropriate facilities encourage responsible behaviour
- Spaces should remain usable without disruption to lessons

Why Refurbishment Should Be Encouraged

A Smarter Alternative to Full Replacement

- Extends the life of existing shelters
- Cost-effective solution for school and campus budgets
- Faster turnaround than full removal and replacement
- Minimal disruption to education environments

Ideal for bike shelters, smoking shelters, waiting shelters and canopies

Glazing Panel Refurbishment Solutions

Clear, Durable & Impact-Resistant Protection

- Perspex glazing panel replacement
- Enhanced visibility for safety and security
- Impact resistant clear polycarbonate with UV protection
- Weather protection for year-round site use

Supporting Students, Staff & Visitors

- Safer and welcoming social spaces for students
- Improved facilities for breaks and active travel
- Secure, visible cycle storage on school environments
- Sheltered areas that promote positive behaviour and wellbeing

A Trusted Refurbishment Partner for Education

- Experience working with schools, colleges and universities
- Specialist knowledge of shelter refurbishment
- Reliable, efficient and compliant solutions
- Focused on safety, cost-effectiveness and longevity
