NHS & CARE HOMES

Why Shelter Refurbishment Matters In Healthcare Environments

Safe, hygienic and well maintained outdoor shelters play a vital role in supporting patients, staff and visitors across hospitals, clinics and care homes

Meeting The Demands Of Healthcare Environments

- Patient wellbeing and safety must always come first
- outdoor facilities must be hygienic, robust and compliant
- clear, well-maintained shelters create calm, reassuring spaces
- Facilities must remain operational with minimal disruption

Why Refurbishment Should Be Encouraged

A Smarter Alternative to Full Replacement

- Extends the life of existing shelters
- Cost effective use of NHS and care home budgets
- Faster turnaround than installing new structures
- Reduced disruption in live healthcare settings

Ideal for bike shelters, smoking shelters, waiting shelters and canopies

Glazing Panel Refurbishment Solutions

Clear, Durable & Hygienic Protection

- Perspex glazing panel replacement
- Improved visibility for safety and security
- Weather protection for year round site use
- Impact resistant clear polycarbonate with UV protection

Supporting Staff, Patients & Visitors

- Safer waiting areas for visitors and patients
- Improved staff facilities for breaks and active travel
- Secure, visible bike storage for NHS staff
- Welcoming outdoor spaces that reduce stress and anxiety

A Trusted Refurbishment Partner for Healthcare

- Experience working with NHS estates & care homes
- Specialist knowledge of shelter refurbishment
- Reliable, efficient and compliant solutions
- focused on safety, longevity and value
