

BIKE SHELTER REFURBISHMENT

Ridgeway Education Trust

Oxford

Project Overview

Ridgeway Education Trust Oxford partnered with Fix My Shelter to refurbish an ageing cycle shelter compound. Works included full framework preparation, a new blue protective colour coating, and replacement glazing panels with new fixings. Completed over 2 days, the refurbishment improved safety, weather protection, appearance, and the long-term durability of the shelter. By doing a full refurbishment, instead of replacing the shelter, the school saved thousands of pounds.

Before

THE RESULTS

- ✓ Improved safety for pupils, staff, and visitors
- ✓ Refreshed modern appearance with new blue framework coating
- ✓ Enhanced weather protection
- ✓ Extended service life of the existing bike compound
- ✓ Reduced future maintenance requirements

CHALLENGE

- Exposed broken panels created health and safety concerns for users
- Existing glazing panels had fully deteriorated over time
- Framework colour had significantly faded due to weather exposure
- Shelter appearance no longer reflected the standards of the site

OUR SOLUTION

Fix My Shelter completed a full refurbishment programme including framework cleaning and preparation, application of a new blue protective coating, and replacement glazing panels fitted with new secure fixings. All works were carefully managed and completed within 2 days to minimise disruption while delivering a clean, durable, and professional finish suitable for a busy education setting.

CLIENT FEEDBACK

“We are extremely pleased with the completed refurbishment carried out by Fix My Shelter. The team worked professionally throughout the project, keeping disruption to a minimum while delivering an excellent standard of workmanship. The new glazing panels and refreshed blue framework have completely transformed the appearance of the shelter, and the finished result looks fantastic.”
Catherine Steele, Chief Operating Officer
